

PECB Certified ISO 31000 Risk Manager eLearning Training Course

Understand the implementation of a Risk Management process based on ISO 31000

Management System Certification TRAININGSOLUTIONS
A Michael J. Gross, LLC brand

PECB

The ISO 31000 Risk Manager training course helps participants acquire the knowledge and ability to integrate the risk management guidelines of ISO 31000 in an organization. It provides a comprehensive understanding of the risk management principles, framework, and process, along with practical methods and techniques for identifying, analyzing, evaluating, and treating risks in various contexts.

Meet the Trainers

Our eLearning training courses are delivered by experienced trainers from all around the world. Each course is divided into video sections and subsections. Videos contain animations to support what the trainer is lecturing — the animations correspond to the sections provided in the traditional mode of training. To keep our candidates engaged, we have incorporated quizzes into our eLearning training courses.

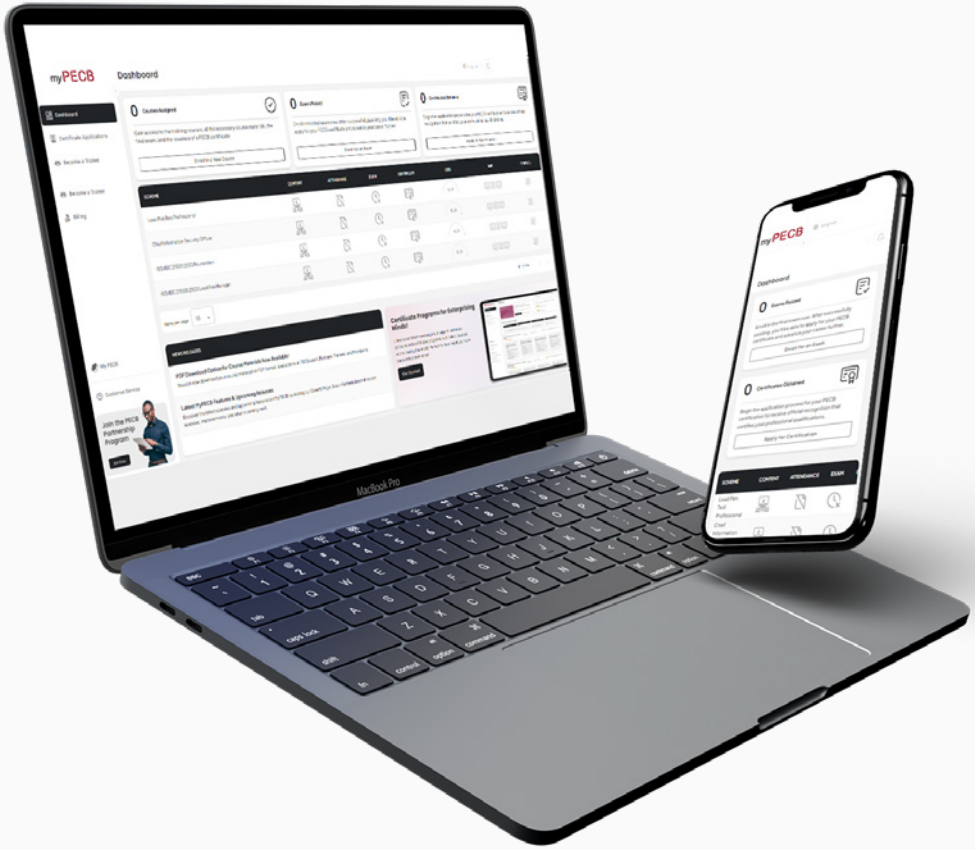

How does the ISO 31000 Risk Manager eLearning experience look like?

Our ISO 31000 Risk Manager eLearning training course is delivered on *my*PECB platform. Once logged on using your PECB account, you will be able to browse through the sections of the ISO 31000 Risk Manager eLearning course.

In addition to having the training course content in video format, you will also be able to access the regular training course materials format structured in different training course days with the additional files available in an editable format (depending on the training course, the case study, exercises, and exercises correction key files will also be available).

In addition to the lectures and the training course materials, quizzes have been incorporated into *my*PECB to ensure that our training courses are as interactive as possible.

- ✓ Take the training course
- ✓ Access the materials on *my*PECB
- ✓ Enter the exam at your most convenient date, time, and location via PECB Exams

How can you benefit from the PECB eLearning experience?

Our eLearning training courses have been designed to meet the needs of diverse learners who have different learning preferences and/or limited time to attend a training course session.

Here are some of the main benefits of the PECB eLearning experience:

- The entire training course and examination is carried out electronically (hence the "e" in eLearning), so all you need in order to access these training courses is a device (e.g., computer, tablet, smartphone), and internet access.
- Having access to the training courses 24/7 enables you to dictate the pace of your study. You do not have to worry about schedules, traveling, and accommodation, or having to take days off from work.
- The unlimited access allows you to go back to any section of the training course as you need them.
- Every training course consists of several video sections. This was done with the sole purpose of making the information easy to receive and process.

Simply put, the eLearning training courses are a convenient way to effectively enhance your professional skills.

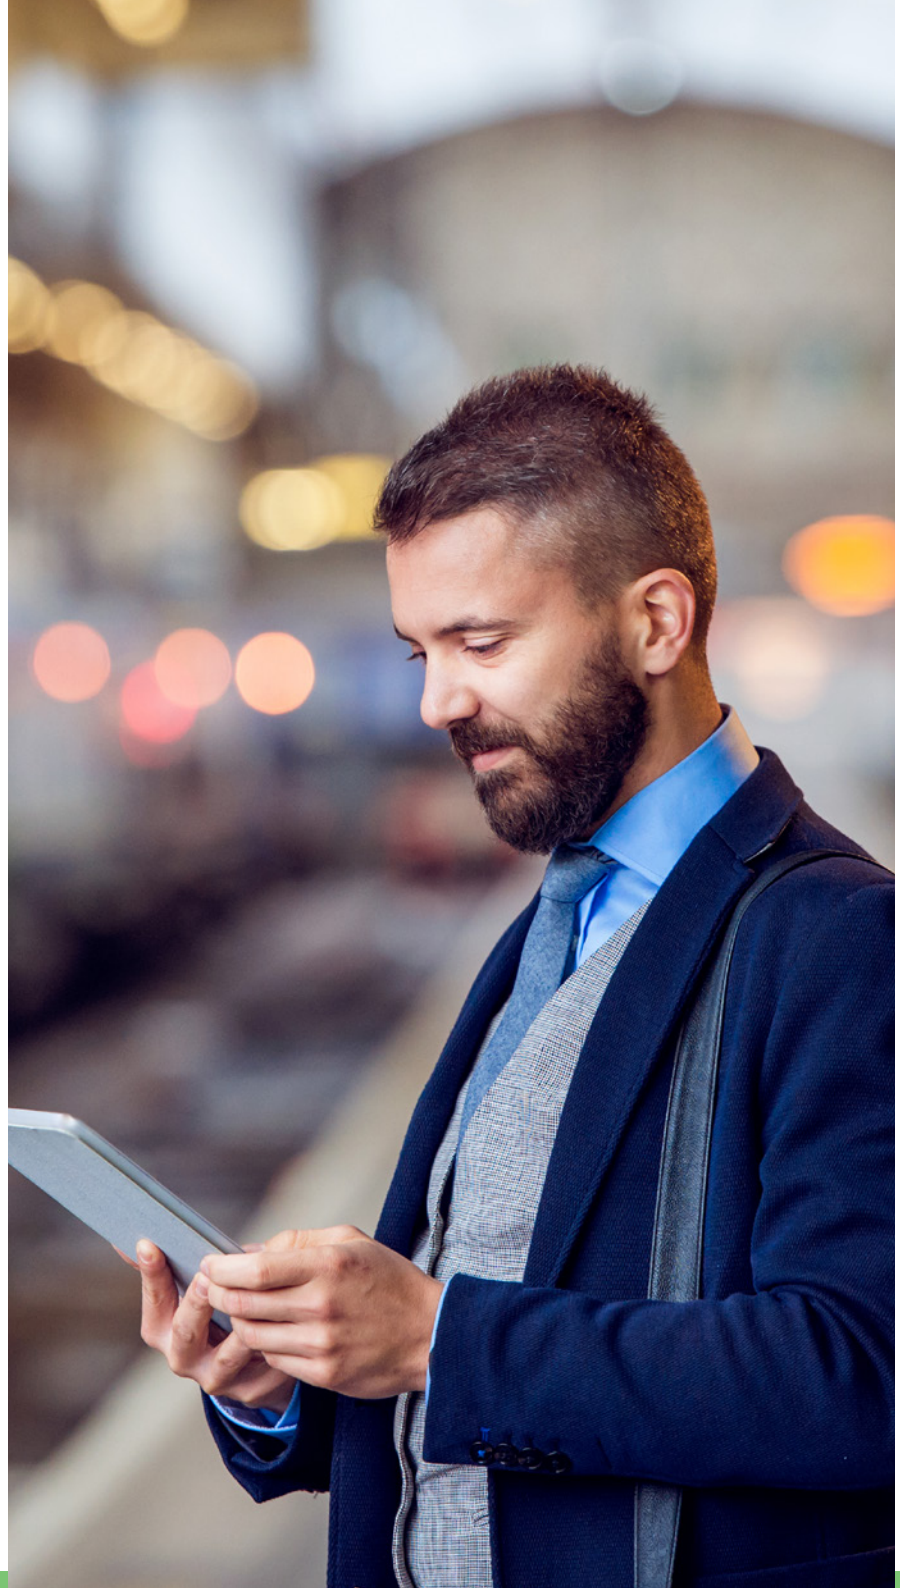

Why should you attend?

This training course provides participants with essential knowledge and skills to apply the ISO 31000 risk management guidelines in practice. It focuses on interpreting and implementing the principles of risk management, establishing a framework suited to an organization's context, and enhancing decision-making through a structured risk management process.

Upon completion of the training course, you can sit for the exam and apply to obtain the "PECB Certified ISO 31000 Risk Manager" credential. The credential demonstrates your knowledge and ability to apply the risk management process in an organization based on the guidelines of ISO 31000 and best practices.

Who should attend?

- Managers or consultants responsible for the effective management of risk in an organization
- Individuals seeking to gain knowledge about the risk management principles, framework, and process
- Individuals responsible for the creation and protection of value in their organizations
- Individuals interested in pursuing a career in risk management

Examination

The "ISO 31000 Risk Manager" exam fully meets the PECB Examination and Certification Program (ECP) requirements. It covers the following competency domains:

Domain 1: Fundamental principles and concepts of risk management

Domain 2: Establishment of a risk management framework

Domain 3: Implementation of a risk management process

For specific information about the exam type, languages available, and other details, please visit the List of PECB Exams and the Examination Rules and Policies.

Certification

After successfully passing the exam, you can apply for one of the credentials below. You will receive the certificate once you comply with all the requirements related to the selected credential. For more information about ISO 31000 certifications and the PECB certification process, please refer to the Certification Rules and Policies.

Credential	Exam	Professional experience	PIMS project experience	Other requirements
ISO 31000 Provisional Risk Manager	ISO 31000 Risk Manager	None	None	Signing the PECB Code of Ethics
ISO 31000 Risk Manager		2 years (1 in risk management)	200 hours	
ISO 31000 Lead Risk Manager		5 years (2 in risk management)	300 hours	
ISO 31000 Senior Lead Risk Manager		10 years (7 in risk management)	1.000 hours	

General information

- Certificate and examination fees are included in the price of the training course.
- Participants will receive more than 300 pages of comprehensive training materials, including practical examples, exercises, and quizzes.
- Participants who have attended the training course will receive an attestation of course completion worth 21 CPD (Continuing Professional Development) credits.
- Candidates who have completed the training course with one of our partners and failed the first exam attempt are eligible to retake the exam for free within a 12-month period from the course completion date, because the fee paid for the training course includes a first exam attempt and one retake. Otherwise, retake fees apply.
